Edged Red Westfield  
Allotment Site  
Harpenden

**Highways Authority Search - Development Sites:**

Dear Project Harpenden

Please find attached a plan shaded orange to show what is considered to be highway maintainable at public expense in the area of your enquiry (a straight cut-line across a road indicates the end of the highway whereas a zigzag cut-line indicates that the highway continues).

The areas coloured blue are considered to be highway but not maintainable at public expense.

According to The Definitive Map of Public Rights of Way in Hertfordshire there is none recorded on or over, or nearby the property.

As far as we are aware there are no Hertfordshire County Council road proposals which are within the vicinity of the said property.

For information, which may be of assistance, we have a website showing Hertfordshire County Council proposed TRO's:  
<http://www.hertfordshire.gov.uk/services/transtreets/highways/hhonlineservices/trafficorders1/>  
(and clicking on the relevant District/Borough Council). Also it is suggested that the website of the relevant District/Borough Council is also visited in connection with any proposed TRO'S which they may have.

This information is given after appropriate enquiries and in the belief that it is in accordance with the information at present available to the officers of this council but on the distinct understanding that neither the council, nor any of its officers is legally responsible for it except for negligence.

I trust the above is of assistance.

Yours faithfully

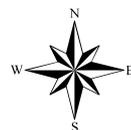

Mrs Jolanta Duraj  
Highway Boundaries & Land Charges Manager
